INTERESTING ITEMS FROM EL VERANO AND VICINITY.

Weekly Record of all the Happenings in His Town
as Faithfully Recorded by Our Wide-Awake
Reporter, "Archie McKiver."

Mrs. Jas. McArdel has returned home after several weeks vacation.

Frank A. Riser returned Monday evening from Guinto after spending several days at that place.

Mr. Thos. Walsh and sister Marie returned from San Francisco Sunday after a visit of several weeks.

Mrs. A. G. Gale and Mrs. Geo. Bruns have returned home after a few days visit with friends in Hayward.

A California Northwestern Pacific special train passed through here Tuesday containing officials of that railroad.

Carlos Emparan, formerly of Sonoma, is a brakeman on our freight train which runs between Santa Rosa and Suisun.

Mr. and Mrs. Joseph I. Lawless have returned to San Francisco after spending a few weeks at one of our summer resorts.

Jack Martin, a well known business man of Richmond, returned home Tuesday afternoon after spending a few weeks in our town.

Louis Peterson, the well known lumberman, assisted by A. Block, has been very busy this week unloading four large cars of lumber.

A large crowd from here will attend the entertainment Saturday evening at Sonoma given by the St. Francis Church. The Catholic ladies are working hard to make it a success.

John Lounibos has about completed his new hotel, which is one of the finest in the valley. John Algren, contractor and builder, did the work, which is first-class in every way.

L. L. Lewis returned from San Francisco the fore part of the week after spending several days there on business connected with the water law suit which will be contested in Santa Rosa.

James M. Oliver, the well known San Francisco attorney, is in town this week on business connected with the Lewis-O'Brien water law suit. Mr. Oliver is the attorney for the Yulupa Land and Water Company.

Dr. S. C. Chisholm, the murderer of John D. Powell, passed through here Tuesday morning en route to Folsom, where he will spend the remainder of his life for his crime. He was in charge of Deputy Sheriffs Reynolds and MacIntosh.

Last Saturday Frank Benjamin fell from the first story of the barn of the Bellevue Hotel and badly sprained his arm. Dr. Leix of Sonoma was called and attended to the injury. At this writing young Benjamin is improving and in a few days will have the use of his arm again.

The El Verano baseball team was again victorious last Sunday when it defeated a San Francisco team. Our boys are playing good ball now and since defeating the Sonoma Giants have got more back bone, and it will take a good team to beat them. Another game may be arranged for next Sunday.

Chas. Cowan, one of our rising young society chaps, is wearing a very handsome black eye this week. We have been unable to find out where Charlie succeeded in getting it, but it looks like it came from one of Jack Johnson's descendants. It's a peach, and Charlie says he is proud of it.

Last Sunday evening Mr. McCloskey was leading his horse from pasture with his little grandson, Robert Stafford, on the horse's back. Mr. McCloskey not noticing a tree led the horse under it and the youngster was brushed off the animal's back and suffered a broken leg. Dr. Thomson was sent for and set the injured member. At this writing the little fellow was getting along as well as could be expected, and we hope to see him around again shortly.

SONOMA COUNTY'S ASSESSMENT 1911.

Shows an Increase of Over Two
and a Half Million Dollars
Over Last Year's
Figures

The work of compiling the assessment of Sonoma county for the year 1911 has just been completed by County Assessor Frank E. Dowd. The new assessment shows a gross gain in exact figures of \$2,226,000 over last year's valuation. This is the first year under the new taxation and revenue law—it having gone into effect just prior to the 1911 assessment.

The total assessment of property in this county last year, including railroad assessment by the State Board of Equalization, was \$36,822,794. This year the total loss by reason of the new law will be \$3,931,859.

Deducting this from last year's assessment would leave, a balance of \$32,890,935, while the assessment of this year exclusive of the loss of operative property tax above referred to is \$35,025,680, which is considered a very flattering showing.

The total valuation of property in Sonoma county is \$36,047,925, and deducting the operative property leaves \$35,025,680.

The assessment is divided as follows:

Real estate other than city and town lots \$16,250,175; improvements of same, \$5,066,000. City and town lots, \$4,332,250; improvements of same, \$4,859,725. Value of improvements on real estate, assessed to persons other than owners of real estate, \$154,945. Total value of real estate and improvements, \$30,663,095.

Personal property, \$4,301,485; money, \$36,700; solvent credits, \$24,400.

Property in Cities.

Cloverdale—Real estate \$108,235; improvements \$188,945; personal property \$48,380; total \$345,560. Healdsburg—Real estate \$323,240; improvements \$461,245; personal property \$186,245; total \$970,730.

Sonoma—Real estate \$168,970; improvements \$232,585; personal property \$76,675; money \$1,200; solvent credits \$800; total \$280,220.

Santa Rosa—Real estate \$2,102,410; improvements \$2,136,365; personal property \$635,060; money \$5,800; solvent credits \$2,200; total \$4,881,835.

Petaluma—Real estate \$1,240,395; improvements \$1,355,365; personal property \$591,140; money \$6,200; solvent credits \$2,210; total \$3,195,310.

Sebastopol—Real estate \$194,415; improvements \$304,975; personal property \$116,195; money \$5,490; solvent credits \$2,400; total \$621,475.

Total value of property in cities, \$10,495,130. The cities, of course, are considerable losers by the deduction of the public service corporation tax.

Santa Rosa, being the largest city in Sonoma county, felt the weight of the deduction of the public service corporation tax more than any other city. The decrease from last year's assessment of \$60,895 is less than the assessment of one large public service corporation taxed in the city.

Healdsburg shows a loss of \$31,995; Cloverdale, a loss of \$15,025; Sonoma gains in assessment \$16,605; Petaluma gains \$83,670; Sebastopol, a loss of \$3,260.

SANTA ROSA MOOSE WILL BE HERE.

Will Give a Grand Picnic in
Lawrence Villa Park on
Sunday, August 6th

The members of the Santa Rosa Moose Lodge will take the town by storm on Sunday, August 6th, the occasion being a grand picnic at Lawrence Villa Park. Messrs. Gere & Brouchou, the proprietors, are making all kinds of preparations to receive their guests and a big crowd will be in attendance not only from Santa Rosa but many visiting Moose will be here from Napa, Vallejo, Petaluma and other near-by cities.

The Sonoma Valley Band of twenty-eight pieces will be on the grounds all day and will do its share toward entertaining the Moose and their friends.

Among other attractions there will be prize games, foot racing, dancing, and last but not least a big jack rabbit hunt.

Special trains from Santa Rosa and Petaluma have been chartered by the Moose and a big time is anticipated.

Points and Features Regarding
the Coming State Fair.

When the thousands who shall pour into Sacramento to attend the State Fair beginning the latter part of August, and wend their way toward the grounds, they will bear witness to a radical change for the better over the previous years.

With a force of two hundred workmen busily working to accomplish the change, by way of beautiful lawn and new additions to buildings to provide for the increased exhibitions, and also to give more commodious accommodations, and looking to the welfare of the visitors, it will be seen that this year's State Fair will surpass any previously given.

Special efforts will be made to care for those exhibitors who are coming from east of the Mississippi river.

This year there will be entrants from quite a number of counties in California who have never taken part in any of the State Fairs held in previous years; there are counties who have passed three and four years, which shows the enthusiasm of the different counties for the success of the coming State Fair.

The livestock and poultry exhibits will be more numerous than in past years. The prizes will be so tempting that the Californians cannot with pride and justice to themselves pass them up. The University of California, University of Nevada and Stanford University are all preparing to compete for a prize of \$100 for the best exhibit of livestock and \$100 for the best agricultural exhibit.

The four buildings in course of construction are for dairy purposes, two for accommodating 200 head of dairy cattle, one a sanitary milking barn, and the other a modern refrigerator in connection with the milking barn, including a testing plant for the examination of milk and grading of cream. This building will contain every known device in dairy science, which in itself will be quite a feature at the fair.

Since this year's Fair will be a week earlier than last year to permit a number of Oregonians to exhibit at the Oregon State Fair at Salem the following week, for this consideration the Oregonians have promised to make an elaborate display of manufactures, livestock and other representative products from their state.

The grandstand is fast nearing completion and it is estimated when completed will accommodate some 5,000 people. Seven automatic cash controlled turnstiles have been contracted for to do away with ticket sellers and a big item of expense necessary thereto.

The Corset You Should Wear is the Gossard. It laces in front, is unbreakable and rust proof. We fit them perfectly and make alterations if necessary.

THE PASSING OF A PIONEER MOTHER.

Mrs. Peter Kiser, for Many
Years a Resident of This
Valley, a Victim of
Pneumonia.

Mrs. Kiser, the aged widow of the late Peter Kiser, and a resident of this valley for thirty-seven years passed away at her home on the Kiser ranch near Schellville last Saturday at the age of seventy-one years. The immediate cause of death was pneumonia, which set in three days previous to her demise.

Several weeks ago, Mrs. Kiser, while attending to her domestic duties in the kitchen at her home, stumbled and fell and a large pot of steaming hot coffee, which she held in her hand, was splashed over her arms and breast, dreadfully scalding her. Under the care of Dr. Leix, she had about recovered from the effects of the accident, when pneumonia set in, and being very old and feeble Mrs. Kiser was an easy victim of a malady which claims for its own the most robust of our fellows.

The deceased during her long residence here reared a family of now grown children. These are Messrs. Conrad and Albert Kiser of this valley and Mrs. Carl Jakobson, Mrs. J. Miller and Nicklaus Kiser of Napa.

The funeral took place from her late residence on Monday and after services in St. Francis Church, the deceased's remains were followed to their last resting place in the Catholic cemetery by a large concourse of relatives and friends.

Boyes Springs Sprinkling Cart
Comes to Grief

The Boyes Springs sprinkling cart, while making its usual rounds last Sunday, overturned on the causeway between the entrance gate and the bath house. The driver was thrown clear of the damaged wagon and the horses fortunately escaped injury.

Shaken Up in Runaway Accident

While Miss Hobbs of Agua Caliente was out driving Wednesday afternoon the horse became frightened and ran away, upsetting the rig and throwing Miss Hobbs out. Fortunately her injuries were not serious, which consisted of a bruised side and minor cuts and bruises.

Death of a County Official.

County Surveyor George Winkler, who had long been an invalid, died at Preston in the northern part of the county, at noon Sunday last. The deceased was thirty-nine years of age and was born in this county.

Della Maggoria Estate.

A petition for distribution of the estate of Luigi Della Maggoria was filed in the Superior Court of this county Monday by Robert A. Pope, attorney for the administrator G. Della Maggoria.

The Great Fair Site Happily Chosen.

THE Directors of the Panama-Pacific Exposition after many months of tedious waiting on the part of an anxious public have at last named the site for what is to be one of the greatest expositions the world has ever known. The selection was a most happy one, the site taking in both Harbor View and Golden Gate Park, which will be joined together by a magnificent boulevard extending from the Harbor View site on the north along the bay shores and the Pacific ocean to the Park on the west and south.

The selection of the directors will surely meet with the approbation of the citizenship of the entire State and ought to receive the endorsement of everybody in the metropolis. Now, with the exposition site problem solved, let the people of the entire Pacific coast get busy and make the Panama-Pacific Exposition the greatest and grandest ever and show to the world what we Trojans of the West are capable of doing.

Modern Railroad Equipment.

In these days of modern railroad equipment, where the traveler is protected at almost every turn of the track by some new device, it is apparent that the transportation companies of the country have come to recognize the truthfulness of the maxim that it is better to avoid losses than to incur the expensive luxury of law suits. These may not mean any eventual loss in the way of damages, but they do mean publicity, in which the traveling public takes an abiding interest.

One of the best testimonials of the efficient equipment of the Southern Pacific Company is found in the report of an accident that recently occurred in the vicinity of Sparks, Nevada. The affair was one of those events which cannot be safeguarded against when a broken rail snapped with the impact of the train as it passed over the weak spot. Just think! Nine coaches left the track and not a single person was injured. Such an accident three years ago would have meant a catastrophe of sufficient magnitude to arouse the entire world with another recital of horrors.

The accident at Sparks is one that has not been duplicated in the United States, and the freedom from fatalities is due to the excessive care exercised by the operating and all other departments which have to do with the handling of passenger business. This vigilance explains the immunity of the Southern Pacific and its allied lines from serious accidents. Steel trains coupled up on the vestibule plan form aerolites that penetrate space without regard to obstacles. In addition, when these meteors of the railroad world are further secured by the block signal system and countless other checks against the forgetfulness of human nature, the traveler may rely upon that particular system as the one best bet of his life.

The Slogan

The official slogan of the Panama-Pacific Exposition will be:

Hand in hand
In the western land
For California
We all stand!
What?
California!

This yell was formally adopted by the Panama-Pacific Directors, and the San Francisco Chamber of Commerce, and it is planned to have the California and Stanford universities and other educational institutions take it up as the slogan for 1915.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Notice to Property Owners.

Notice is hereby given that all property owners on the line of the sewer, now building, will be required to purchase 4-inch sewer pipe to connect with the main sewer in the center of the street to the sidewalk curbing in front of their premises. The contractors for the construction work may excavate for the property owner and lay his pipe if he so desires.

The Board would suggest that this be done as it will save the property-owner money to have the connection made now, although it is not compulsory at this time. For further particulars see Mr. F. Cherry, superintendent of construction. By order Board of City Trustees of Sonoma.

come with poor paint. You can't be free from them unless you use good paint. The best good paint is THE SHERWIN-WILLIAMS PAINT.

It is made according to uniform formulas from pure lead, pure zinc and pure linseed oil. The proportion of ingredients is just right to produce the best wearing paint possible. Grinding and mixing most thorough. It is a paint made to prevent trouble.

lunch baskets.

The evening was spent in play-
ing games, singing and listening to
Mr. Frank Knolle's exquisite ren-
ditions on the violin. A bounteous
birthday feast was the crowning
triumph. All wished Miss Ras-
mussen many happy birthdays.

Those present were: Mesdames

VINEBURG NEWS AND PERSONALS

"Easy Jim" Tells of the Week's
Happenings in His
Section

Last Sunday was a beautiful
day and many people visited this
burg.

Mrs. Eddie Johannsen and
daughters are enjoying a two weeks
vacation at "Seabright."

Every time I see see that Jim
Small he puts me in mind of an
elephant, for he is always packing
a "trunk."

Mrs. Fred Batto and Miss Adele
Andrieux were the guests of Mrs.
Chas. McDevitt in Sonoma on Sun-
day last.

Mr. Harry Lubbock of the
"Riverside," El Verano, and sev-
eral friends were visitors at Vine-
burg Sunday afternoon.

Joe Ryan, Sonoma township's
popular officer, passed through here
with a merry party bound for Napa
Springs, one day last week, in a
swell four-horse bus.

Mrs. Lewis DeLew and family
took the south-bound train on last
Friday for the metropolis after a
week's visit with her mother, Mrs.
Catterell of "Green Oaks," on the
Hyde tract.

If a certain young man well
known in society who is at present
visiting the Bay City does not land
a box of candy soon he need not
count "Starlight" as one of his
lady friends.

The rural delivery has just landed
the following missive: "Dear
Easy:" Please relieve my conscience
and copy the enclosed items: You
must remember. Viola Vineburg.

What has become of "Ethel
Eastlake," who left here to spend
a season at Santa Cruz? We were
school mates and I am anxious to
hear from her. Please answer next
week.

There was a curious thing hap-
pened at Vineburg last Sunday
evening—a shipwreck on the county
road—for an automobile ran over
and killed a dog. So that was one
"bark" lost.

Mr. Fred Lavine, brother of
Mrs. Eddie Johannsen of "Cypress
Shade," is now enjoying a visit to
the scenes of his childhood in Sono-
ma valley, the first time in thirty
years. Mr. Lavine's home is in
Dallas, Illinois.

Mr. August Figone, one of the
Bay City's young merchants, visit-
ed his family, who are spending a
two week's vacation with Mrs.
Figone's parents, Mr. and Mrs. J.
Batto at Batto's spur, and returned
to the city Sunday evening.

I wish some one would build a
hall in this burg so we could have
a dance once in a while, then we
could see happy Jap Valente and
the rest of the Sonoma boys. Aren't
they cute? I think so. Yours
truly, Viola Vineburg.

Mrs. Merani and her son and
daughter and Mrs. Verne from
Oakland, who have been spending
several days in Sonoma Valley,
were the guests of Mr. and Mrs.
John Batto and Mrs. August Figone
last Saturday afternoon.

A new club has been formed in
Vineburg composed of bachelors
and is called the "Stocking Club."
The first meeting was held last
Saturday evening at August
Rouquie's, all members present.
President McCurdy opened the
meeting with an essay about a hole

in his stocking. Less, the Parrot,
stood on his head in the corner
and sang a song called "What is
home without a dollar and a half,"
or "Who slept in the bath tub."
The meeting was a success and
the members are as follows: Mc-
Curdy, Williams, C. Andrieux, F.
Ferran, J. Ferran, August Rouquie
and Louis Rouquie. A banquet
in honor of the club was given
by Mr. E. Forni. The main
dish was parrot stew made out
of the duck that fell into the barrel
of yellow paint. After singing
"Should old acquaintances be for-
got" the club adjourned.

John W. Stetson, a prominent
business man of San Francisco,
was in Sonoma Saturday on busi-
ness.

Lawrence Ramsdell returned
Friday evening from a three days
visit with his sister in San Fran-
cisco.

S. W. Still returned to San
Francisco Wednesday afternoon
after a week's visit with his brother
Jack Still.

Dr. A. E. Osborne, formerly
Superintendent of the State Home,
Eldridge, was in Sonoma Wednes-
day greeting old friends.

Rev. Father O'Malley, who was
pastor of St. Francis church ten or
twelve years ago, is in town and is
the guest of Father Comerford.

Miss Amy Rowe, a milliner of 7
years experience, has arranged to
take charge of the hat trimming
department at G. H. Hotz's store.
Bring in your hat and have it
made new. G. H. Hotz.

Fred Lavine, who resided in So-
noma in the early days, dropped
into town last Sunday morning
and started on a still hunt for some
of his old friends. Lavine finally
found his old chum, Henry Bates,
who took him to Vineburg to the
home of Eddie Johannsen, Lavine's
brother-in-law. Mr. Lavine has
resided in Illinois for thirty years,
and says Sonoma has changed so
much that he felt like Rip Van

PRIZE EXHIBITIONS

Over Eight Thousand Dollars to Be Awarded to Farmers Who Raise These Crops by International Barley and Hop Exhibit, Chicago, Oct. 12 to 22.

AMONG the important crops in the states of the central west, northwest and Pacific coast are barley and hops, both of which require considerable care in cultivation. The chief market for the better grades of barley & the malting industry, which supplies principally the brewing and distilling trades. The principal and almost exclusive market for hops is the brewing industry.

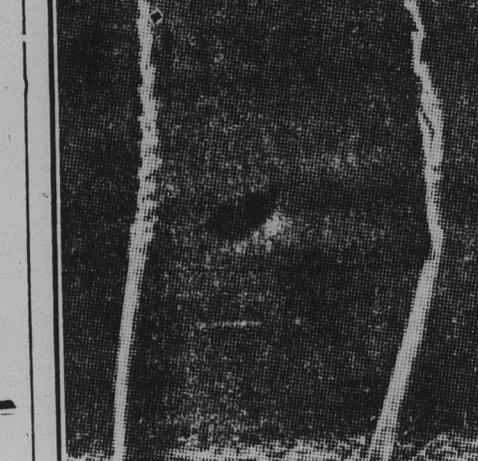

For a number of years American and European scientists have devoted much inquiry to these crops for the purpose of deciding upon which properties are conditioned their value to the consumer.

With regard to barley, there is considerable difference of opinion, the views of American and European investigators diverging to an extent. With regard to hops, scientific inquiry has not yet proceeded far enough to state with any degree of certainty which are the leading characters of the plant that make up its value to the manufacturer who uses it.

Departments of Agriculture Study Barley and Hops.

The agronomists and chemists of the State Agricultural colleges and several specialists of the United States department of agriculture have devoted a great deal of time to the study of barley and hops and their improvement. They have been advising the farmers to devote attention to the production of those properties in these crops which are most desired by the consumer. In this work, however, they have met with considerable difficulty from the fact that they have been unable to state positively what those properties are that the consumer desires.

In the purchase of barley and hops the individual judgment of the buyer.

SEEDS OF WHITE CLUB AND MANCHURIA BARLEYS.

based upon personal experience, has been the controlling factor, and as the individual judgment is often biased by personal preference and even prejudice it has been difficult to define what character of goods would best meet the requirements of the market.

Improvement of Barley and Hops.
A movement is under way to bring about improvement in the growing of barley and hops and to lay down certain standards by which they can be valued regardless of the personal equation.

At the present stage this movement is crystallizing in an international barley and hop exhibit, which will take place Oct. 12 to 22, 1911, at Chicago, in connection with the American Exposition of Brewing Machinery, Materials and Products. For this exhibit there will be available a prize fund of over \$8,000, which will be apportioned to the different varieties and strains of the crops with a view of giving the greatest possible encouragement to the farmers who raise them.

The growers who may wish to participate in the exhibit should address the committee on awards, 1608 Republic building, Chicago, and ask for the necessary application and entry blanks. The committee on awards embraces not only a number of the most eminent experts among scientific men, growers, dealers and consumers of these crops, but also specialists from the United States and the several barley and hop growing states. Among those serving on the committee on awards are the following:

United States department of agriculture, bureau of plant industry—Professor M. A. Carleton, Professor H. V. Hinton, Professor W. W. Stockberger, bureau of chemistry—Professor J. A. LeClerc, Agricultural experiment stations—Professor Charles E. Sandeen, Ottawa, Canada; Professor Alvin Kenner, Port Collins, Colo.; Professor P. D. Farwell, Boise, Ida.; Professor V. M. Shreve, East Lansing.

Graham's Cash Store

Opposite Boyes Springs Sonoma Valley.

Having purchased the above cash store I will conduct the same with an entire new stock of goods in the general merchandise line. My motto will be cash, quick sales and small profits.

The office of the Lafarge laundry of San Rafael will remain in its present location as I have secured the exclusive agency in the valley for the same.

A. D. GRAHAM.
